

The Falls Waiting list

If you are looking to lease in Spring and Summer and are inquiring in advance in the months of September-January you must be placed on our waiting list. This is done because we will not know about our Spring/Summer availability until Late January-Mid February each year.

To get on the waiting list you will need to drop off all information from “How to Begin a lease at The Fall” tab on our website. You will be processed and be required to submit a deposit (and pet fees/pet image if applicable) for the apartment style you are looking for. You will also need fill out the “Waiting list Deposit” addendum. Please see this form on our website.

Note:

Being placed on the waiting list does not guarantee a unit will be found for you though most of the time we can and do place all people from the waiting list.
